## LETTER TELLS OF SOLDIER'S DEATH

STABBING OF HARRY PROCTOR WAS ACCIDENTAL

## IN ARMY OF OCCUPATION

Tried to Wake Sleepy Companion Who Unintentionally Struck Him With Open Knife.

Details of the death of Private Harry Proctor in Coblenz, Germany of June 4, have been received by his parents, Mr. and Mrs. George W. Proctor of Pickering, in a letter from Chaplain Donovan, Station Hospital, A. S. G., at Coblenz. The chaplain inclosed a clipping telling of Proctor's accidental stabbing by a companion. The clipping does not show the name of the newspaper. It is dated June 5, and is as follows:

Private Harry Proctor, Disciplinary Barracks Detachment, died in Oberlahnstein yesterday afternoon about 2:00 o'clock as a result of a knife wound inflicted accidently by Private George Cummings, Medical Detachment Disciplinary Barracks.

The two soldiers, in company with another soldier, had been in Oberlahnstein during the morning and had decided to take an afternoon train for Ehrenbreitstein from which place they would make their way back to their organization. They stopped in a cafe to get some food. After eating lunch they remained in the cafe for a short time waiting for the arrival of their train.

During this short period Cummings fell asleep. When it became time for them to go to the station, Proctor tried to arouse Cummings. At the first attempt Cummings said "get away and let me alone," and brushed him aside. Proctor made another attempt and this time Cummings, with an open knife in his hand, swung his arm at Proctor without noticing where he was.

Proctor fell back in his chair and died about forty minutes later. A doctor was summoned immediately after he was stabbed but all efforts to save the man were without avail.

The affair was reported to the Division of Criminal Investigation by the other two members of the party immediately after it occurred. When the operatives arrived on the scene Proctor was dead and the other two men who had given every assistance to their friend were brought back to Coblenz.

### BURIAL RITES AT 8 O'CLOCK FOR SISTER MARY RITA

## WORKS ON SIGNS TO HEAD TOURISTS TO NEW CAMP

Markings in Red and Black Will Be Placed on Alll Roads for Several Miles

G. A. Pickens, secretary of the Chamber of Commerce, was working this morning on signs to be used to direct tourists to the Maryville's tourists camp in College Park. They will be wooden signs about two feet square

The markings will be a large red disc pierced by an arrow, "Free Tourists Park" will be painted in black letters on the red disc. Below that will be "Maryville" and the distance from that sign to the park. It is planned to put these signs on all of the principle highways around Maryville and perhaps as far out as the county boundary lines.

## REDMAN BURIAL SERVICES WERE HELD AT HOPKINS

Mrs. Cintha Redman Buried in Hopkins Cemetery Yesterday Afternoon—Was 87 Years Old.

Burial rites from Mrs. Cintha Redman who died Monday morning at her home near Grant City, were held at 2 o'clock yesterday afternoon at the Hopkins Methodist church. The Rev. D. F. Stiles conducted the services and burial was in the Hopkins cemetery.

Mrs. Redman, the wife of the late C. K. Redman who was the weather man at Hopkins for fifty years, was 87 years old. She had resided at Hopkins for many years, going to Grant City to live with a daughter, Mrs. L. A. Cook, after her husband's death some years ago. She is survived by two children, Mrs. Cook of Grant City and Link Dillon of Vesper, Kan.

## LAMKIN PLANS VISITS TO OTHER STATE SCHOOLS

President-Elect of Teachers' College and Mrs. Lamkin Leave For Clinton.

President-elect, Uel W. Lamkin of the State Teachers College and Mrs. Lamkin left this morning in their car for Clinton, Mo. They were accompanied as far as St. Joseph by Thomas J. Walker of Jefferson City, who was in Maryville yesterday as a representative of the Missouri State Teachers Association. Mr. Walker, editor of School and Community, is enroute to Columbia, Mo.

From Clinton, Mr. Lamkin will visit a number of state schools including Warrensburg and Springfield State Teachers' Colleges and the University of Missouri. Mr. and Mrs. Lamkin will return in about two weeks and during their absence will make plans for bringing their household goods to Maryville.

## TEACHERS START MEMBERSHIP DRIVE

100 PER CENT ENROLLMENT IS GOAL OF ASSOCIATION.

## EXECUTIVE BOARD MEETS

Students of Teachers' College Will Help Enlist Members in Home Counties.

Thomas Walker, representative of the Missouri State Teachers Association addressed the chairmen of the students' county organizations of the State Teachers' College and the executive committee of the Northwest District Association yesterday afternoon and presented to them his two fold plan to have a hundred per cent enrollment of Missouri teachers in the state teachers association.

The first thing urged by Mr. Walker was that every student in the Teachers' College enroll as a member of the state teachers association. The second was to appoint committees of the different students organizations to work with the county superintendents of schools and help him to get a full enrollment of all the teachers of each county in the association.

S. C. Richeson, a student in the college is chairman of the student organizations of the college. He will appoint the committees of the different county organizations of the northwest district association and these committees will be the ones who will work with the county superintendents.

President Ira Richardson, President-elect Uel W. Lamkin and Miss Elizabeth Brainerd make short talks for a 100 per cent enrollment in the association.

A meeting of the executive committee of the Northwest District Association followed the meeting of the chairmen of the college organizations. They talked over the program for their meeting in October, but took no action other than to leave final arrangements for the program to their President, Miss Myrtle McPherron, who will submit it to C. A. Hawkins, the secretary.

A committee on program for the rural section of the Northwest District Association met at 3 o'clock this afternoon to plan its part of the program for the teachers' meeting here in October. The committee is composed of Mrs. D. L. Mays, chairman; Miss Edna Cravens, superintendent of schools of Worth County; W. A. Power; and Hester DeNeen, secretary.

## MAITLAND MAN ARRESTED HERE THIS MORNING

Roscoe Blazier Charged with Speeding and Drunkness—State Makes Charges Also

Roscoe Blazier of Maitland was arrested early this morning by night Watchman Ed Wallace charged with speeding and operating a motor vehicle while intoxicated. Blazier is being held in jail until his hearing, which will be next Saturday afternoon.

A state charge has also been filed against Blazier by Charles McCaffrey, prosecuting attorney. There are three counts, the first charging him with driving a motor vehicle while intoxicated, the second alleging operation of his Ford touring car with a license issued for a Ford runabout, and the third charging him with transporting intoxicating liquor. The offenses are classed as misdemeanors and the case will be heard at the September term of Circuit Court.

## PRINTERS ARE OUSTED FROM LEAD BY CIGAR MAKERS

Tobacco Twisters Win Their First Game 7-4 Score Five Runs in First Inning.

By defeating the Printers, 7-4 on the College diamond yesterday afternoon, the Cigar Makers are now leading the Twilight Baseball League. Although they have played only one game their percentage is 1, 000. The Printers and Musicians are tied for second with two games won and one lost, for a percentage of .750.

One bad inning proved the undoing of the Ink Slingers. Buel, first man up for the tobacco twisters went to first on an error. Other bobbles followed and before the smoke nad cleared away, five runs had crossed the plate. This number proved enough to win the game, without the two additional tallies scored by the Cigar Makers in the fourth inning.

For four innings the Printers were unable to do serious damage to O'Banion's slow benders. In the last inning, however, with a shutout staring them in the face the newspaper men loosed an offensive that scored four runs and had the bases jammed again when Younger fanned for the last out of the game, after the balls and strikes were three and two.

Straugh, right fielder for the cigar makers, brought the rooters to their feet in the fourth inning with a line drive to right field which bounded over the edge of the roalroad enbankment. There was one man on base at the time, and there were two strikes on the batter.

The line-ups were as follows:

Cigar Makers—Pausback, c; Bluel, ss; Kepner, 1b; Hansen, 2b; O'Banion, p; Spencer, 3b; Straugh, rf; Monroe, cf; Basford, lf.

Printers—Seleeman, c; Parsons, p; Cummings, 1b; Mapel, 2b; Van Cleve, ss; Roseman, 3 b; Gile, rf; Younger, cf; Barrett, lf.

Two more good games are promised in the Twilight league this week. The Townsend Grocers and the Clothiers will clash tomorrow evening and the Printers and Bankers Saturday.

The employees of the Wabash Burlington railroads have joined their forces and formed a base ball team. They have entered their challenge against any of the teams of the twilight league.

### MISS JOHNSON TO SPEAK TO MISSIONARY SOCIETY

## HOG MARKET $3.40 HIGHER THAN LOW SPOT IN JUNE

Sharp Advance Carries Top Yesterday to $11 With Packers and Shippers Active.

Another sharp advance in the hog market at St. Joseph yesterday carried the top to $11. This was 40 cents over the extreme top scored Tuesday and the highest price paid for hogs on this market since November 22, last year. At that time prices were dropping almost daily, the top November 1 being $12.90 and $15.75 on October 1.

Top yesterday was $1.10 higher than a week ago and $3.40 higher than the low spot in June, when tops sold down to $7.60. Sales at $11 yesterday were numerous, both packers and shippers paying the price for good hogs.

## FIRE RAGES IN BUSINESS DISTRICT OF KANSAS CITY

Half of Entire Block is Destroyed With Damage of More Than $160,000.

Kansas City, July 28.—A fire which is sweeping over an area one half of an entire city block in the central section of the city, causing damage of more than $160,000, is under control today after burning fiercely more than three hours.

The Peabody Company, manuacturers are the heaviest losers. Negoes in an adjecent apartment were terror stricken and compelled to flee to the streets.

## "BLACK SOX" DEFENDANTS VIRTUALLY FREE TODAY

Buck Weaver and Happy Felsch, Accused of "Throwing" 1919 Series Not to be Convicted.

Chicago, July 28.—Although technically they are still listed among the defendants in the "Black Sox" scandal case in the 1919 world series, "Buck" Weaver and "Happy" Felsch are virtually free today of the charges that they participated in a plot to "throw" the series.

Judge Friend has made it plain that he will not countenance a verdict of "guilty" against these players. The two defendents mentioned were openly jubilant when the court opened today. The main efforts of the defense will be to show that the series was played honestly.

## WILLIS REESE ARRESTED ON WORTHLESS CHECK CHARGE

His Case Will be Tried in the September Term of Circuit Court.

Willis Reese of near Skidmore was arrested this morning by Deputy Sheriff Leo Atherton charged with passing worthless checks. Reese is alleged to have given W. N. Smith August 8, 1920, a check on the Farmers Bank of Skidmore for the amount of $291.55. He gave bond for $300 for his appearance in the September term of circuit court. J. B. Robinson and Mrs. Reese signed his bond.

## PROMINENT CITIZENS PAY VISIT TO POLICE COURT

Seven Automobile Owners Pay Fines for Failure to Secure Licenses—Warrants for Others.

Several of Maryville's most prominent citizens paid their first visit to the city police court today or will appear before the tribunal before the week is over. No preference is being shown by Mayor F. P. Robinson in enforcing his ediet that automobile owners who failed to procure city licenses must now pay a fine in addition to taking out the licenses.

Seven car owners pleaded guilty today and each was fined $5 and costs. They were Thos. Brewer, A. J. Cox, W. W. Turner, Joseph Jackson, N. C. Case, John Fisher and J. H. Gray. The total cost of their delay was $10.65, which added to the $5 for the license, made $15.65.

Warrants have been issued for other car owners, several of whom have indicated that they will contest their cases.

The licenses were due January 1, and the period was later extended to February 1. They are now six months overdue, and Mayor Robinson holds that it is too late now to pay for the licenses without paying a fine in addition.

### ETERNAL TRIANGLE CLAIMS TWO MORE—MAN AND WIFE

Kansas City, July 28.—Two men are dead here today as the result of the "eternal triangle". William Elkin, 43 killed his wife last night with a razor after shooting her with a revolver. Then he slashed his own throat and died while enroute to the hospital.

An unmailed letter, written Monday in Oklahoma City and carried to Kansas City yesterday, when he returned home to carry out his premeditated tragedy, branded the woman as a "bigamist for nine years" and named the "other".

## HOUSE ROAD BILL NOW IN CONFERENCE

REPRESENTATIVES REFUSE TO CONCUR IN SENATE AMENDM'TS.

## SOFT ROADERS INDIGNANT

Talk of "Investigating" Hard Surface Leader—Measure May not Pass This Week.

Jefferson City, July 28.—Summarized, the difference between the House bill as passed and as amended by the Senate is:

As passed the bill guaranteed each county $6,000 a mile on its state roads. As amended it guaranteed a minimum of $200,000.

As passed the bill defined a hard-surfaced road as a road surfaced with clay-bound gravel, macadam or other suitable materials. As amended a hard-surfaced road is defined as one surfaced with concrete, comparable types, macadam, gravel, or the equivalent of gravel, or other suitable material.

As passed by the House the bill provided for a state system of about 7,000 miles, the routes being given a town-to-town designation. As amended town-to-town designation was stricken out and a system of approximately 6,000 miles substituted. The state system designated under the Morgan-McCullough law is approved, the commission being empowered to make necessary changes.

As passed the bill gave the engineers a salary of $5,000. As amended the engineer is given $7,500.

As passed the bill gave four commissioners $2,400 a year. As amended $10 a day for time actually employed was allowed.

Jefferson City, July 28.—The house yesterday on motion of Representative Bailey, chairman of the roads committee, refused to concur in the amendments made by the senate to the house road bill. The bill now goes to conference.

After agreeing to five members from each house on the conference committee the house reconsidered its action and decided on the usual three members. Speaker O'Fallon immediately appointed these three members of the roads conference committee:

The gravel road advocates applauded when the names were announced. Bailey, who is chairman of the roads committee, is the only advocate of high type hard surface roads appointed on the conference committee.

An informal conference of the "soft road" leaders was held before the house convened yesterday. It was said that no action was decided on at the meeting.

The "soft roaders" were indignant yesterday at the action of the senate in restoring most of the important provisions of the Ralph bill to the house measure and eliminating the legislative designation of the state road system.

There has been a movement among the "soft roaders" in the house for an investigation of Senator Ralph. It is understood that a resolution has been drafted and passed among a few of the members. The investigation would deal partly with the trip made East last spring by a group of legislators headed by the chairman of the senate roads committee. When told of the movement in the house today Ralph laughed and said he is ready to meet any investigating committee from the house.

# SEDALIA CAN CARE FOR HUGE CROWDS

EVERY HOME WILL BE OPEN FOR FAIR VISITORS

## CAMP SPACE FOR 20,000

**Rooms Also Listed in Nearby Farm Homes—Ready for State's Greatest Celebration.**

Sedalia is preparing in earnest for the accommodation of the million or more visitors who will witness the Missouri Centennial Exposition and State Fair there August 8-29.

"Every home in Sedalia from the most humble to the most palatial will throw its doors wide open for the care and comfort of the visitors," Mayor F. F. Hatton said.

The Sedalia Chamber of Commerce has appointed a Bureau of Information with J. W. Mellor, former mayor of Sedalia, as chairman. The Bruceau is meeting with the hearty co-operation of the citizens of Sedalia and vicinity, who are readily consenting to throw open their homes to the visitors. A careful card-index record of the rooms listed is being prepared for use during the two weeks. The following prices are standard:

Room for one or two without bath ..... $1.50
Room for one or two with bath. $2.00
Third person in the same room . .75
Third person furnished with cot .50
Meals vary in price from 35c to 75c each.

For fifty miles or more around Sedalia, all the highways are of rock or macadam. For this reason the Bureau of Information, has listed rooms in the farmer's homes along these excellent roads, too.

"White City," the free camping ground located adjacent to the Fair ground, will accommodate 20,000. Persons who desire to camp here can bring their own tent and will be given space without charge. Tents may be rented for a moderate charge. All the facilities of a modern home are provided, including a community ice chest, ice water, electric lights, meat markets and grocery stores centrally located, and mail service. Campers must supply their own bedding.

In addition to this beautiful camping spot the local authorities have ordered thousands of tents and have secured the permission of the people of Sedalia to put these up on the lawns and parks for the further accommodation of visitors who wish to camp out.

The service of many caterers have been secured to open dining halls down town and on the court house lawn. Dining rooms will also be installed in lodges, schoolhouse churches and those buildings where sufficient floor space is available. These are all in addition to the dozen or more large dining halls on the grounds and the ten hotels and cafes in Sedalia.

The Bureau of Information will have offices at both railroad stations, on the court house lawn and on the Fair Grounds. Attendants with carefully prepared card indexes of rooms will be in charge and uniformed messengers will be on hand at all times to show visitors to rooms.

Preparations for the greatest celebration since the founding of the State are well under way. Never before has the interest in the State Fair been so great. Activities here is at its peak, and plans for every detail of the great Exposition are porgressing rapidly.

Already the roadways to the Fair Grounds are being prepared for the terrific traffic during the two weeks. An extension of the street car tracks will provide easy and continuous transit to the Grounds. The exceptional organization will obviate the usual hurry and confusion considered almost inevitable in the preparation for such a gigantic project. Missouri's birthday party, August 8-20 is being planned, but it's to be a real "surprise party" at that.

Street cars of Glasgow stop only at stipulated stations. At other places the motorman merely reduces the speed of the vehicle, the passenger making his ascent to the platform on the fly. This practice saves considerable current in the course of a year.

### CAN CURE HEART DISEASE BRITISH SURGEON CLAIMS

London, July 28—Will the doctors of the future cure heart disease by operation?

The astonishing case of a woman of sixty-two who was made much better for her remaining six years of life is revealed in the British Medical Journal.

She had been suffering for four years from a swelling in the main artery near the heart. Dr. Theodore Tuffier, a well-known surgeon, after an X-ray examination, granted her request and consented to operate. Professor Renon, who was present, records how the swelling of soft growth which began only a finger's breadth from the heart itself and was two inches long, was isolated and bound round so as slightly to lessen the passage of the artery. Dr. Tuffler states that the patient was for years afterwards free from functional troubles and died last year from an ailment not attributed to the heart.

"The feasibility of the orperation has been established," Renon reports.

"This case," says the Journal, "indicates a short step forward towards the period foretold by Lauder Brunton, a celebrated English doctor who died in 1916, when 'irremediable' conditions associated with heart and blood vessel disease shall successfully be brought within the realm of surgery."

Senator Arthur Capper has loaned out $200,000, without security, to boys to purchase pure blood pigs. The boys become interested in their stock raising, remain on the farm. The senator is applying the same idea to chicken clubs with girl members, has already loaned $50,000 to Kansas girls for purchase, development of purebred flocks.

# NEW HARD ROADS NEARLY COMPLETED

STATE BUILDS MORE THIS YEAR THAN IN LAST THREE

## WORKING ON 752 MILES

**Brick is Most Expensive and Gravel Least Costly Type of Hard Surfaced Highway.**

Jefferson City, Mo., July 28.—The State Highway Department is at present supervising the construction of 752 miles of highway at a total cost, upon completion, of $11,119,585.16, says a bulletin issued yesterday by the department. It is the first one which has been issued by the State Highway Department in four years.

The state has also to supervise the construction of about 80 other projects, for which plans and specifications have been drawn, when these have been approved by the federal officials, the bulletin states.

**Work Nearly Finished.**

Most of the 752 miles upon which contractors are working in the various counties of the state are practically complete or at least will be ready shortly to turn over to the state for acceptance. The balance of the contracts are in various stages of completion and may not be finished before next year.

More road work has been done during the past year than for any of the three years previous, the bulletin says. A large amount of time has been required for the drafting of plans and specifications for each project and nothing in actual construction can be done until the plans were completed and approved by the federal government. This is particularly true of federal aid projects.

**Federal Rules Strict**

Of the total cost of $11,119,585.16 approximately one half is federal aid money and federal authorities are stringent in regard to rules under which contracts are let and carried out, according to the highways bulletin.

The 752 miles of roads either completed or now in progress of construction are divided as follows: Gravel, macadam and chats, 386 miles; concrete, 124 miles; asphaltic concrete three miles; bituminous macadam, 61.5 miles; brick 3.5 miles and 174 miles of graded earth.

**Various Projects.**

The various projects in the state which have been completed or are nearing completion, showing the number of miles, materials for construction and the cost, are as follows:

Montgomery county, 8.5 miles of gravel, $10,200.

Cole, 28.29 gravel, $140,142.13.

Vernon, 6.54 miles chats, $32,282.

Callaway, 7.66 miles gravel and macadam, $54,086.99.

Jackson 2.39 miles concrete, $140,523.10.

Pettis 5.31 miles bituminous macadam, $67,971.57.

Dunklin 8.62 miles gravel, $132,500.70.

Jasper 7.50 miles concrete, $118,312.43.

Buchanan 2.20 miles asphalt, $36,243.67.

St. Charles 1.66 miles bituminous macadam, $22,714.08.

Washington 3.53 miles gravel, $14,405.09.

Chirstian 9.31 miles gravel, $65,418.17.

Lawrence 21.06 miles gravel $125,062.08.

Buchanan .37 miles asphalt, $34,095.58.

Andrew .52 miles bituminous macadam, $11,094.07.

Mississippi, 15.30 miles concrete $507,777.30.

Cooper, 2.6 miles bituminous macadam, $45,868.82.

Morgan 6.7 miles gravel, $37,037.

Polk 1.9 miles gravel $22,422.59.

Cape Girardeau 1.5 miles cement $66,723.24.

Marion, 4 miles gravel $44,277.70.

Barry 4.88 miles gravel $55,707.

**Construction Costs.**

Great interest is held at this time in the cost of construction of the various types of roads, the bulletin says. The figures are arrived at from the actual construction costs paid out and the bidders prices on file at the offices of the highway department. Following is a table showing the average cost per mile of the various types of roads constructed and being constructed in Missouri:

| Type of Road | Av. Cost Mile |
|---|---|
| Gravel, macadam, chats | $10,500 |
| Cement concrete | 36,000 |
| Asphaltic concrete | 26,000 |
| Bituminous macadam | 19,600 |
| Brick | 55,500 |
| Graded earth | 9,000 |

With more than 6,000 miles of contemplated highway to be constructed in the state, says the bulletin, it must be said that actual road building in Missouri has just begun.

**The Evidence Is at Your Door.**

Maryville proof is what you want and the statement of this highly respected resident will banish all doubt:

D. S. Angell, 414 East Third St., Maryville, Says: "I used Doan's Kidney Pills several years ago and I consider them a great remedy. From heavy work on the farm my kidney action grew very irregular and troubled me to a great extent. Sharp shooting pains caught me in the small of my back and my back became very lame and sore. My work was a large ordeal for me. I only used a few boxes of Doan's Kidney Pills for this trouble and they completely cured me of the attack. I use Doan's occasionally when I am not feeling right and my kidneys are not acting regularly due to a cold and they always bring relief. I highly recommend them to anyone with kidney complaint."

## SOUTHEAST PAPERS DENY FAMINE EXISTS IN FLORIDA

**Propaganda Destroys Morale of People and Discourages Northern Investments in South.**

Atlanta, Ga., July 28—The southeast resents the statement that famine conditions exists in this section and that as a result of the famine, an epidemic of pellagra is prevalent. Newspapers of the state of Florida devote much space today to what they term an effort to carry the real truth to the people and offset as far possible the injury already done. It was declared that such propaganda tends to destroy the morale of the people of the South, as well as to discourage northern capital seeking southern investment fields.

## REV. O. W. FREEMAN, HOPKINS MINISTER HAS RESIGNED

### Physically Unable to Continue Ministry—No Effort Made to Secure Successor.

The Rev. O. W. Freeman, preached his farewell sermon at the Hopkins Methodist church last Sunday night, having resigned as pastor by reason of not being physically able to finish out the year's work, and as conference is but six weeks away, no effort will be made to supply the charge, the church deciding to wait until conference meets, when a pastor will be sent here. The conference meets at Chillicothe the middle of September.

Mr. Freeman left Wednesday for Kansas City to join his wife who left for that point to visit a sister two weeks ago and from there they will go to the Ozarks where Mr. Freeman will rest for some months or until he feels strong enough to undergo the operation the surgeons say it is necessary to be made before he is given permanent relief from his ailments.—Hopkins Journal.

Chester Gilbert filed suit with circuit clerk Westfall this morning for divorce from Minnie Gilbert, charging abandonment. Ellis Cook is attorney for the plantiff.

**JUDGE ROBERTSON CALLED TO EDMOND, OKLA. TODAY**

Judge Jesse Robertson left this morning for Edmond, Okla., called there by the critical illness of his only brother, Joseph Robertson. The message received by Judge Robertson early this morning stated that his brother was dying.

**CHAUTAUQUA ORATOR**

Quin O'Brien, who has been rated as one of the six greatest public speakers in America, has chosen for his Chautauqua address this year, the title, "The Challenge of the Hour." He will conduct an "open forum" following his address in which questions concerning present day national problems will be discussed. Mr. O'Brien is the second night attraction on the Maryville Chautauqua whose dates are Aug. 5-11.

D. F. Bailey of Elmo was in Maryville yesterday.

## HOUSE ROAD BILL

(Continued from Page 1)

The arrival here of Representative Harry Dawes from Washington did not placate the house "soft roaders" standing behind the house bill which was gutted by the senate. Hawes headed the organization largely responsible for putting over the 60 million road bond amendment last November.

It is doubtful whether the legislature will finish the road bill this week. Speaker O'Fallon said the legislature might finish by Sunday or run through next week. The conference committee probably will begin its deliberations and may be ready to report Friday. Before any road bill is enacted the conference recommendations must be adopted by both houses. Objections were made in the house to leaving the responsibility of redrafting the road bill to a conference committee. Edwars of Dunklin County described it as "ready made" legislation. A futile effort also was made to have the conference committee amendments delivered to the house members before final action is taken.

The next few days will decide whether the special session will enact a road law, or the legislature will adjourn without doing anything.

The senate bill authorizing the issuance of the yearly installments of the 60 millions of road bonds was approved today by the house committee on roads.

The committee withheld action on the bond bill for a considerable time after it was passed by the senate. There was a demand that none of the bonds be voted. It was feared that no action by the legislature at this time might result in none of the bonds being issued by future legislature.

The bill as passed by the senate provided the issuance of 10 millions of road bonds in 1922 and 5 millions each year following. The house committee amended the bill so that the first installment would not be issued until 1923.

The reason for the amendments is that practically all the available state road revenues have been appropriated or contracted for through 1922.

# WILL ASK NATIONS TO REDUCE ARMIES

**ATTEMPT TO BE MADE AT SEPTEMBER MEETING OF LEAGUE.**

# IS DOOMED TO DEFEAT

**France, Japan, Italy and Balkans Oppose Lessening of Land Armed Forces.**

Paris, July 28—A serious atempt will be made at the September meeting of the League of Nations to get European powers to reduce their armies to a size somewhat in proportion to that now maintained by Germany.

The effort will be supported by the Scandinavian States, probably Switzerland and Holland and a number of South American countries.

France, with the largest land military establishment in the world; Japan, Italy and most of the Balkan States will fight the measure vigorously. It is almost certainly doomed to defeat.

The original proposal was submitted to the League armament committee by a committee from the British League of Nations Union. The Union's committee argued that since the menace of Prussian militarism has been removed by the treaty of Versailles that gave Germany only a small army other European nations cannot argue with logic that they must maintain large land forces.

**Need Only Police Force.**

A power with no design on its neighbors, the committee reported, needs an army only large enough for these purposes.

Preserving order at home.

Preserving order in colonies and overseas dependencies and protecting these against uncivilized neighbors.

Protecting itself against outside aggression.

The Scandinavian delegates will come to Geneva prepared to assert that neither France, Japan nor any of the other nations still supporting large armies needs more troops in relation to their size and geographical position, than Germany to preserve order at home. They will concede that Britain and France, with large colonial possessions, must be allowed sufficient forces to protect them. But with respect to Article III., "relating to protection against outside aggression," they will again point out that the elimination of Germany as a great war power, the dismemberment of Austria-Hungary and the disarmament of Bulgaria makes it unnecessary for any European State to maintain large forces solely as a measure of defense.

**U. S. to Be Determining Factor.**

France is ready to accept the Scandinavian proposition in principle. She is willing to concede that everything the British Union's committee has proposed will suit her in perhaps twenty or thirty years. But she will insist on the necessity of maintaining a large force until Germany has fulfilled the conditions of the Versailles treaty. Nothing that may be said at Geneva will cause her to budge from that position.

Japan will stand pat on the position she took last year—that so long as America remains outside the League and does not participate in disarmament discussions she cannot consent to any scheme for reducing her armies. Italy and the various Balkan states, which have been eyeing each other suspiciously ever since peace was signed, will give France and Japan all the support they need to kill any effective step toward disarmament at this year's session of the League Assembly.

The proposal to make the size of the present German army a starting point on which schemes for world disarmament shall be based is, however, the first concrete suggestion offered to the League to find favor among any considerable number of members. One of the first suggestions—that armaments be reduced by reducing financial budgets for their maintenance—has been rejected as entirely impractical. It was pointed out, for instance, that Japan can maintain an army of 500,000 men with the same expenditure required for an American army of 200,000. If the same army expenditure was assigned to each nation America would be severely handicapped.

**Many Hurt in Wreck**

New Carlisle, Ind., July 28.—Many persons were hurt and two were perhaps fatally hurt, when the New York Central train number 28 leaving Chicago last night was derailed near Carlisle crossing early this morning after striking a heavy truck. The locomotive and ten coaches left the track as a result of the impact. The engineer and fireman stuck to their posts and both were badly scalded.

**Return From New York**

Mrs. Frank Barmann and daughter Miss Ora, returned yesterday from Syracuse, N. Y., where they spent the last month with Mrs. Barmann's daughter, Mrs. E. F. Schilders. They were accompanied home by Francis Barmann who has been employed for the last eighteen months with the Solvay Process Company of Syracuse. Mr. Barmann visited last week at Syracuse but enroute home stopped at points in Ohio and Indiana.

**Mining Town is Ablaze**

Terre Haute, Ind., July 28.—The mining town of Shepperdsville, north of here today was swept by fire. The whole town is ablaze, according to reports received here.

# GEORGE PALFREYMAN, JR., TAKES CHICAGO POSITION

**Former Coach Here Receives Further Promotion With Armour and Company.**

News of the further promotion for a former South St. Joseph boy George Palfreyman, Jr., is contained in the announcement of his transfer from the Fort Worth, Tex., plant of Armour & Co. to the office of the general superintendent, of the Chicago plant of that company.

Mr. Palfryman was assistant foreman of the dressed beef and loading department of the Hammond Packing company plant here until two years ago when he was transferred to Fort Worth, as assistant superintendent there. He assumed his new duties at Chicago last Monday.

Mrs. Palfreyman and son, George III, are visiting at the home of Mr. and Mrs. George Palfreyman, Sr., 2824 Terrace Avenue, until Mr. Palfreyman gets settled in Chicago, when they will join him. Geo. Palfreyman, Sr., is foreman of the beef loading docks at the Hammond plant.

George Palfreyman, Jr., was prominent in athletic circles both at Benton high school here where he graduated in 1911 and at Misouri University. He was athletic director at the Northwest State Normal school, Maryville, and later in 1917-18 directed athletics at Central high school, this city.—St. Joseph Stockyards Jorunal.

John Bailey and his sister, Miss Mary Bailey of Quitman, are visiting in St. Joseph with their brother, A. D. Bailey, and Mrs. Bailey.

The United States weather bureau station on the north coast of Alaska frequently reports a summer temperature of 100 in the shade.

# BITS OF GENERAL NEWS

**Germany Had 2,000,000 Killed.**

That Germany's total losses in men killed amounted to two millions is shown by the latest revised figures given out in Berlin through the Associated Press. Nearly 1,800,000 were killed outright, and 200,000 still are missing and presumed to be dead but unidentified. In addition to these losses from death, four and one-quarter million men were wounded more or less severely.

**Boy Tramp Visits Harding.**

Milo D. Gibson, a boy who graduated last spring from the Chanute, Kan., high school, and who is touring the country on foot with the consent of his parents, was a caller on President Harding at the White House. Starting out with only $13, the boy has seen Chicago, Niagara Falls, the Hudson Valley, and New York. When his funds run low, he stops somewhere a day or two and works for pay.

**Fire Damages Ocean Liner.**

The great ocean liner, the Mauretania, has suffered greatly from a fire which threatened her entire destruction. The ship was at Southampton. Expressed in English monetary terms, the loss will amount to many thousands of pounds. The fire is attributed to a lighted cigaret dropped on the carpet of the steamer's main saloon.

**To Eradicate Cotton Pest.**

Congress has been asked to appropriate $5,000,000 as a reward to be paid anyone who will discover an effective way to eradicate the cotton boll weevil. A resolution asking Congress to do this was introduced in the lower house of the Georgia general assembly in Atlanta.

**Fatima Calls on Harding.**

President Harding received a distinguished caller in the person of Fatima, Sultana of Afghanistan. She was in her regal costume, one feature of which was a white sapphire set in the right side of her nose. Her two sons accompanied her to the White House.

**No Compromise for Sinn Feiners.**

That nothing less than absolute Independence will satisfy the Sinn Feiners and bring peace to Ireland was asserted in Dublin by the official organ of the Irish.

**Valuable Records Found.**

One of the most valuable historical discoveries made in recent times is the remarkable discovery of city records of the City of Mexico, dating back to the year 1524, in the basement of the municipal building at the capital. A portion of the basement which had been bricked in centuries ago contained complete daily records since January 1, of that year. Decrees of Spanish kings and Aztec relics were also found.

**Wife Sees Husband Killed.**

A bolt of lightning from a clear sky killed a man in Brookfield, Ill., while he was standing in front of his home. His wife, at a window, witnessed the tragedy.

**Makes Mines Into Soup Tourcens.**

Floating mines have been brought in from the Gulf of Finland, the charges removed and the fittings taken out. The mines are then converted into soup tourcens by the Kronstadt refugees who are being fed by the American Red Cross in Finland.

**Alaska's Population Decreases.**

Alaska's white poulation decreased 23.4 per cent between 1910 and 1920 according to the census bureau announcement.

**Baby Speaks Two Languages.**

It is said that the baby daughter of the Chinese minister in London spoke both Chinese and English when she was 18 months of age.

Utahs anti-cigarette law bars all smoking in public places in addition to prohibiting the giving away, sale, exchange or barter of cigarets

**Corn, But Not Popped.**

Kansas City, July 28—Two police officers approached a stand located near an amusement concession in this city. Above the stand the officers glimpsed a sign, "Pop Corn."

"It was 'corn' all right," said J. Cothern, detective, when he reported back to headquarters," but instead of being popped it was distilled."

Cothern's visit to the stand followed the visits of the two other police officers. The owner of the stand readily sold the officers a gallon of "corn." He made his escape, amidst a volley of shots. Cothern then destroyed the stand with an axe.

No more corn, either "popped" or distilled, will be forthcoming from that stand.

**Lightning Restores Voice**

Lynn, Mass. July 28—The crash of a lightning bolt striking near her home completely cured Mrs. Ida D. Wallstadt of this city, of a nervous affection which had made her dumb for more than eight weeks, according to physicians and surgeons who examined her.

She was at work in her kitchen when a bolt struck the Sacred Heart School nearby. Her first thought was for her children, asleep in an adjoining room: "My baby, oh my baby." She has been able to talk naturally ever since.

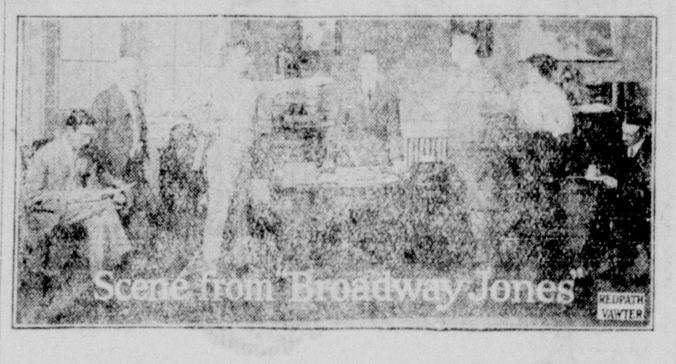
# WOMAN AVOIDS AN OPERATION

**Hope Nearly Gone, but Lydia E. Pinkham's Vegetable Compound Saved Her**

Star, N. C.—"My monthly spells gave me so much trouble, sometimes they would last two weeks. I was treated by two doctors without relief and they both said I would have to have an operation. I had my trouble four years and was unfit to do anything, and had given up all hope of ever getting any better. I read about your medicine in the 'Primitive Baptist' paper and decided to try it. I have used Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Liver Pills for about seven months and now I am able to do my work. I shall never forget your medicine and you may publish this if you want to as it is true."—Mrs. J. F. HURSEY, Star, N. C.

Here is another woman who adds her testimony to the many whose letters we have already published, proving that Lydia E. Pinkham's Vegetable Compound often restores health to suffering women even after they have gone so far that an operation is deemed advisable. Therefore it will surely pay any woman who suffers from ailments peculiar to her sex to give this good old fashioned remedy a fair trial.

## CHAUTAUQUA ATTRACTION AUG. 9th.



As an idea of the laughs in the big Geo. M. Cohan comedy coming here on Chautauqua, the following excerpts from the New York papers tell the story:

"Broadway Jones is a big hit of laughter. It keep the audience laughing all the time, laughing for the most part frankly, unreservedly and hilariously. (N. Y. Times.)

"More than a hit—a sweeping success." (N. Y. Journal).

"The best American comedy of the season, if not of the last decade." (N. Y. Sun.)

William Keighley and eight Broadway players have been obtained for the Chautauqua production.
